### Remote Senior Software Engineer

Kinesso Malaysia

Work on an internal product that supports Out-of-home advertising. The product provides information about OOH frames (GPS location, demographic impressions, reach, effectiveness, ...) so that campaign planners can build up advertising campaigns and connect with media owners who own the OOH frames to receive proposals from them.

Oct 2017 - Sep 2020

### Senior Software Engineer

CA Technologies Automation (now is a Broadcom company)

Maintain and develop new features for existing products of the company that provide an end-to-end solution for planning, coordinating and automating software release processes (Continuous Delivery Automation).

Develop a new R&D product that provides an automated and repeatable way to provision a new environment in any infrastructure provider (e.g. AWS, Azure, Google Cloud, ...), populate the environment with the correct middleware.

Work closely with Product Owners in Vienna, Austria to provide technical solutions & ideas for new features.

Design the overall structure of the project and make sure team members follow the design.

Jun 2012 - Apr 2017

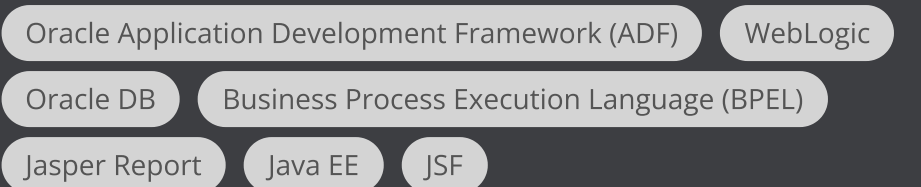

### Team Leader

NextG Solutions

Lead a team of 5 members to develop a Portfolio Management System that can manage many kinds of financial products (e.g. Tax Reporting & Accounting; Automated Consolidation & Reconciliation; Order Management;...).

Communicate with Project Manager from Switzerland to get requirements, discuss solutions, build plans and report the progress.

Research new technologies, suggest technical solutions, review code and build team spirit.

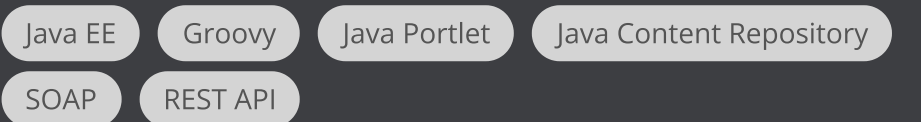

Oct 2010 - May 2012

### Senior Software Developer

Exo Platform SEA

Maintain and develop new features for an Enterprise Content Management System that support to capture, manage, preserve and deliver contents and documents related to organizational processes.

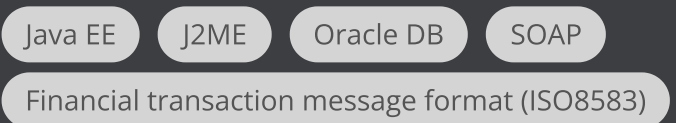

Jun 2009 - Sep 2010

### Software Developer

FPT Software

Develop a Mobile Banking product that allows users to connect to the banking system via mobile phones, to perform transactions like Account Manager, Transfer Money, Topup, Payment,...
